WASHINGTON, Feb. 11 .- Reports coming o the State Department from Europe show | Peoria & Eastern, will succeed H. B. Simthat the American apple made an enormous market for itself there last year. Frank | agent for that company. Mason. United States consul general at Frankfort, declares that the victory has mere cheapness, and says the agricultural | dalla, en route to Galveston, Tex. papers in Germany make the astonishing statement that no less than six million double centuers of our apples-more than twenty times the import of any previous season-came into Germany last year. The consul general thinks this gain of a great market may be made permanent if certain precautions which he notes are observed by American shippers. Coasul Monoghan, at Chemnitz, says the whole German empire is alarmed at the great apple imports. The keeping qualities of the best American winter apples are subjects of astonishment to German growers, who expressed incredulity when told a Baldwin would easily the American apple is well known, come words of surprise at the great volume of imports of American apples, and Consul-Meeker, at Bradford, sends evtracts from newspapers to show they were actually a glut on the market.

AN OLD RUMOR REVIVED

THE C., H. & D. SYNDICATE MAY PUR-CHASE THE T. H. & P.

Rates Not Cut as Deep as Reported-Lake Shore and Pennsylvania Preparing to Fight Carnegie's Line.

The report is revived that the Cincinnati, Hamilton & Dayton syndicate, better known as the Woodford syndicate, has made a proposition to take the Terre Haute & Peoria road off of the hands of the Pennsylvania Company, which now leases it. When the Cincinnati, Hamilton & Dayton secured control of the Indiana, Decatur & Western the plan was to include the Terre Haute & Peoria in the deal, the Vandalia not then having leased it. The Indiana, Decatur & Western connects with the Terre Haute & Peoria at Decatur, and control of it would give the C., H. & D. entrance into Terre Haute and to Peoria. To give color to the statement it is added that the Pennsylvania has its own line into Peoria-the Toledo, Peoria & Westernand has no need of the Terre Haute & Peoria. The affairs of the Vandalia are so mixed that it would be difficult to ascertain on what basis the rumor rests other than that the bondholders may be seeking to find some company to help them to realize something on their securities which rest on the Terre Haute & Peoria road. The amount outstanding against the road is, common stock, \$1,926,800; preferred stock, \$1,837,400; bonded debt, \$2,160,000.

Will Be Sharp Competition. It is already apparent that the so-called new Carnegie line from Pittsburg to the lakes will have to fight the Lake Shore and the Cleveland & Pittsburg, a Pennsylvania line. The latest rumor is that the Lake Shore and the Pennsylvania will arrange a deal whereby another short route to the lakes will be inaugurated. It is now said that the Lake Shore will extend its Frankin branch from Stoneboro to Butler, where by a connection with the Butler branch of the Pennsylvania a new and short route between Ashtabula and Pittsburg and Johnstown will be effected. The Lake Shore owns the old Jamestown & Franklin, which runs from a point on the Ashtabula branch to Oil City, passing through Stoneboro. The Pittsburg & Lake Erie, which is the Lake Shore's Pittsburg connection from Ashtabula and Cleveland, is unable to deliver a large amount of freight o points along the Pennsylvania Railroad, but by making an arrangement for connec tions with the Pennsylvania Railroad Butler branch at Butler and building an extension to some point near Stoneboro a through line with easy grades and shorter than some of the other lines would be possible. This new line would be of great advantage to both the Lake Shore and the Pennsylvania for several reasons and would enable both companies to hold a large amount of business which must otherwise go to the new Carnegie line.

The Rate Situation Exaggerated. L. J. Blake, general agent of the White line for this territory, has just returned from an extended trip among Western shippers, and says he knows from personal investigation that the report as to east-bound rates being badly demoralized is exaggerated. The reports, he says, have been started by shippers who are holding an article fully demonstrated; large profits a certairty. C. W. BRIDGES INVESTMENT war which will apply to all classes of business. He was unable to find evidence on which to base the charge that rates are cut and the fact that the every shipper has a large tonnage of freight to ship and was not sending it forward he regards as evidence that rates are being held at tariff. Theatrical Baggage. Chairman Caldwell has handed down a Robert Wilson, eight months, 191 Middle street, new ruling on the transportation of theatassociation agreement is that the charge for this service shall be 15 cents per mile per car, with a minimum charge of \$10 for each movement. Some of the roads construed this to mean that where a number of stops were made the \$10 per movement rule should apply to each stage and that the 15-cent rule should be ignored on the total mileage. The chairman rules that this interpretation of the rule is wrong and that the \$10 rule shall apply only when the 15-cent rule shall not amount to \$10. The roads are not to transport baggage for less than \$10 and shall apply the 15cent rule when they have a chance of making more than \$10.

General Freight Agent Taylor, of the Vandalia, was in the city yesterday and spent a couple of hours with Receiver Malott talking over the rate situation at St. Louis. The Vandalia being in the hands of a receiver has advantages which it might use to increase its traffic which solvent roads cannot afford to use. But this receivership so differs from ordinary ones that the conservative plan of the Pennsylvania Company in rate matters will proba-

In the call the chairman announce that the commission question is in a very unsatisfactory condition and that unless the roads desire to see further demoralization they must meet and settle the matter at an early date. He recommends that the committee endeavor to equalize commission payments without in-

By DAVIS W. CLARK. Under best of conditions a jail is of necessity a lugubrious place; but the wretchedness of an Oriental jail is superlative. It is usually under ground, destitute of light or air and reeking with odor and excrement. Into some such vile place, and into the company of its viler denizens. the apostles are rudely thrust. They bewail not their cruel fate, however. He who had forewarned them of it had also given them assurance, "I am with you alway." Jesus's presence made their dungeon radiant and redelent. As for their fellow-captives, they saw in them the very persons for whom their good tidings were designed. So a night that ordinarily would have been hideous passed quickly in prayer, praise and exhortation. Toward morning the angelic jail delivery occurs, first in a series of such events. But the beneficiaries of it are not to go into hiding like ordinary fugitives. On the contrary, they are to go immediately to the most conspicuous place in the city and to put themselves still more in evidence by publicly addressing the people. Novel command, that, for escaping prisoners!

The Sanhedrin meets in special session. A quietus is now to be put to this plebeian movement, so threatening to the ecclesiastical establishment. But the parties marked for destruction are found, not cowering in the jail, but preaching in the temple. Theirs is no clandestine flight of conscious guilt. They are obeying God rather than the powers, which, though originally ordained of Him, had now forfeited their charter spirit.
